

# Amateur Radio Quiz

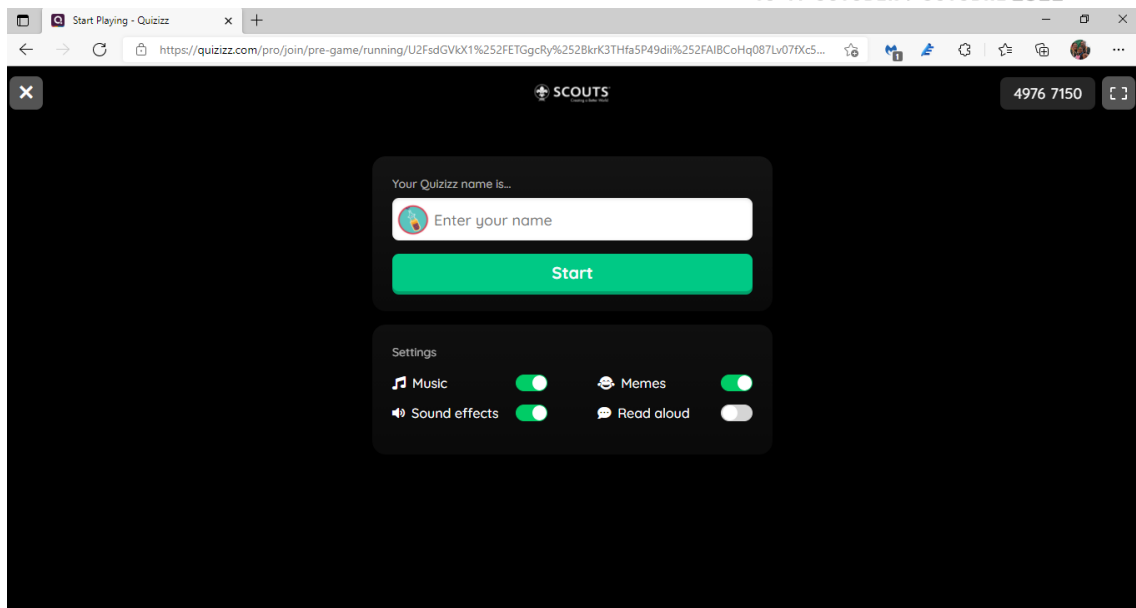

For more information about the Sustainable Development Goals (SDGs) please visit: <https://sdgs.scout.org>.

What do you know about radio communication? Let's test your knowledge using a QUIZ.

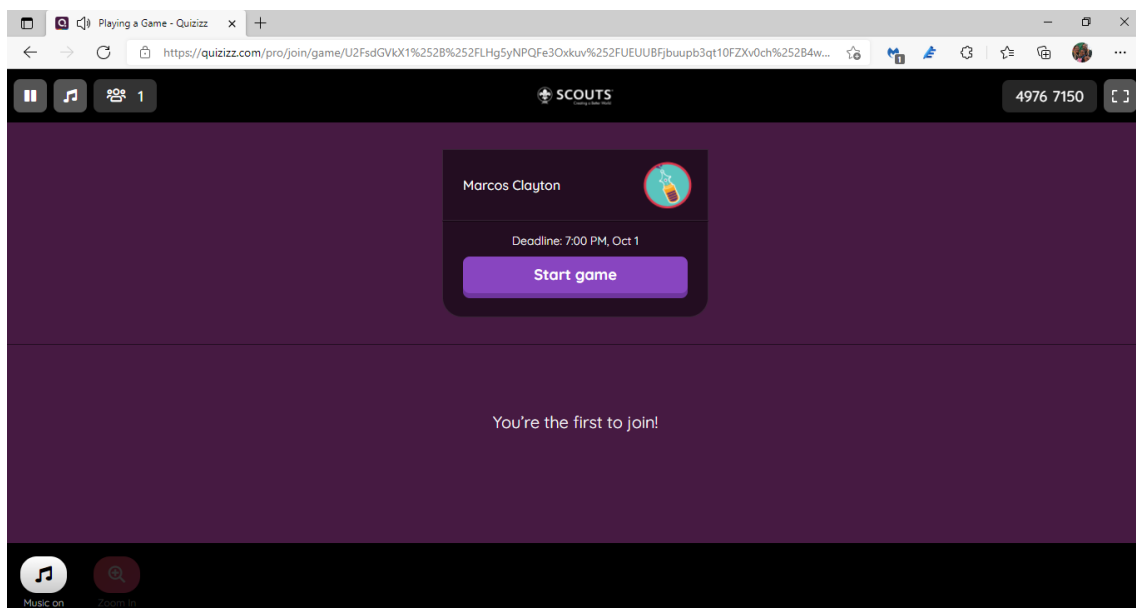

Go to [Join a Game - Quizizz](#) and use the code **5205 7438** to start the QUIZ. There is no need to LOGIN or to do any registration. Just enjoy it.

Enter your name. This name will appear on the leaderboard. After that click the button START.

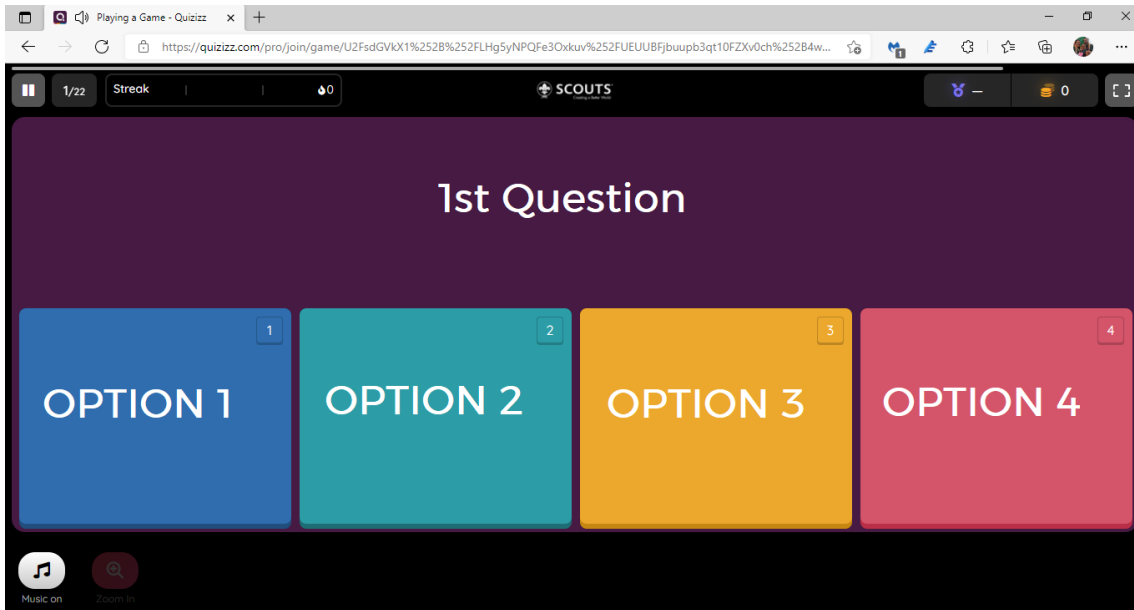

Now, when you read click the button **START GAME**

After a countdown 3, 2, 1 GO!, the first question will appear.

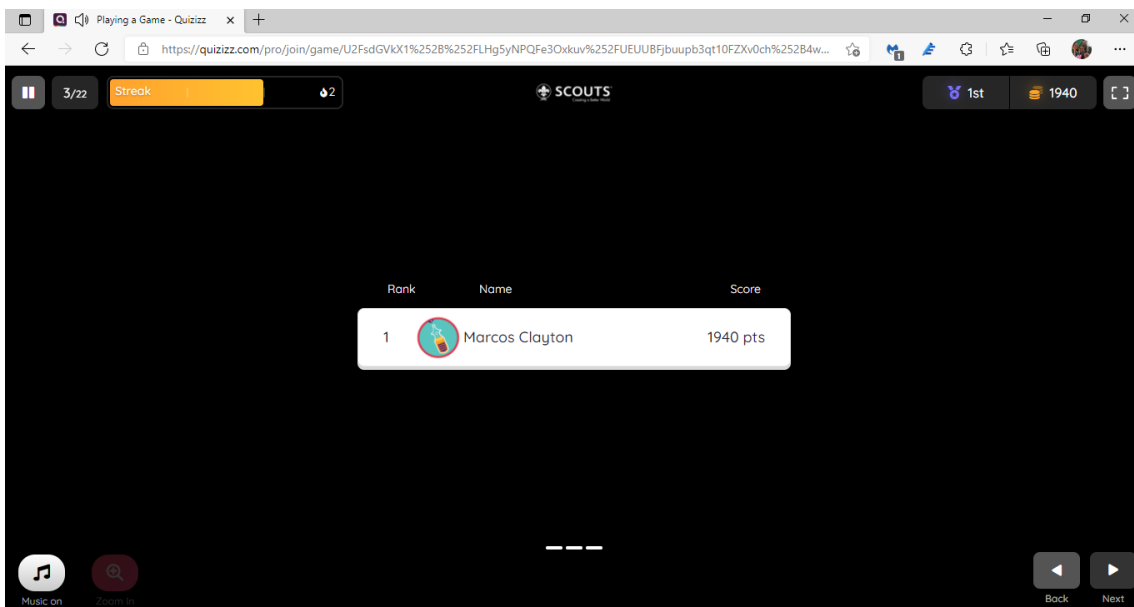

Read the question carefully, and choose the answer. Each answer is on a color square. There are 45 seconds to answer each question, the faster you answer, the more points you will get.

If you get the right answer, the answer will be shown, if you get a wrong answer, will appear the one you choose and the right one.

After showing the answer a text with more information about the content of the question will be shown. Use this to learn more about the subject.

After the explanation of the question the leaderboard will appear.

Best of luck! Enjoy the game!

**Finally**

Try to publish photos or videos on your social media using #JOTAJOTI

## COVID restrictions

All participants of JOTA-JOTI 2021 must get informed and respect the specific rules established by their own country.

On 'Be safe page' (<https://www.jotajoti.info/be-safe>) you can find some information and a link to the World Health Organization advice for the public about Coronavirus disease (COVID-19).

***Important: Radio regulation is different from country to country. We recommend that all scouts/guides work with a local radio amateur who has all the required licenses.***
